Regional Management Team Agenda

June 13th, 2018

1-3:00 PM

Olmsted County Community Services

2117 Campus Drive SE, Rochester, MN Rm 161 – main floor

1. Welcome/Introductions
2. Meeting Minutes approval
3. Brass Code Changes 2018-2019 (Tim)
 - a. DHS present via Vidyo
 - i. Another BRASS Code for reimbursement for center based employment
 1. No- Not the way statute is written. AMH Act follows same guiding principle.
 - ii. Waiver efforts towards community based employment- Is there a way to pay for supportive employment type services if they go to facility to participate in services? They are not getting paid how do we code?
 1. Double checking, more in depth conversation needs to be had. Will follow up on this, not familiar with waiver and pre-employment services.
 - iii. 491 BRASS code- definitions and language need to be cleaned up.
 1. If county accepts payment for MA or MCO are they accepting as payment in full?
 - a. Cannot collect client spend down if you have accepted MA payment less the client spend down. Cannot make up because your county may get paid less
 - iv. Re: Oct 5.2017 Bulletin
 1. Budgeted CREST at 2 year contract does this affect BRASS codes now or changes affected in 2019?
 - a. Should not affect how you select BRASS codes for 2018, use the most current BRASS Codes 18', 19' Manual.
 - b. Anything that will change for the 2021 grant cycle (AMHI Reform)?
 - i. BRASS Codes will be aligned they think but cannot answer exactly right now.
 - c. 493 Adult General Case Mgt.

- i. If service is only for SPMI what would you put under here?
 - 1. Uninsured- wouldn't you put under 491 because they meet criteria of SPMI. Possibly for those who have guardianship but don't need that level of TCM. Will be a drop down and descriptions on how they are commonly used.
- ii. Any do not's in client flex world?
 - 1. General answer is if it is related to housing or transportation then it needs to be used there but if not needs to be used in flex funds. Not one catch all answer. If it does not fit in other codes then flex is used.
- iii. County policy for using flex funds? (examples)
 - 1. They will find one to share with the region
- iv. Other services paid for with AMHI and CSP that should not be?
 - 1. Guardianships? Haven't issued a formal decision on this. They stated no because it was county responsibility but will look back into it. Mower thought they could use it for clients that are SPMI could use under 434 for guardianship. DHS states this is not allowed and guidance was premature. Mower stated that if there was a more intense case management component that it was allowed.
- d. Time span 4 month- can we utilize grant before determination of SPMI is officially made.
 - i. Okay use of funding while still trying to figure out SPMI component. BRASS Codes: 493 could depend on what type of service or support is being provided.
- e. Applications are coming out shortly, questions should be directed to; app not working- Cortney, Policy- Gloria they will be providing one contact and routing as necessary.

4. Budget (Candace)

a. Budget updates

- i. Sending out updated financial information as far as submitted items and paid out items. Everything to be spent by 12/31.

 - 1. Can keep number
 - 2. No gap in services- Phone calls not dropped
 - 3. Zumbro Valley CRU may be able to hold the call volume
 - a. Trending towards 2500 calls this year
 - i. How do we restructure to meet this need?
 - 4. Looking at state resources; Itasca County 211
 - 5. Potentially a national RFP- but would like to keep it local and sustainable.
 - ii. How should we budget for 2019?
 - 1. \$250K needed probably
 - a. Counties will have to support this at some point. Can use AMHI dollars after the initial grant is used.
 - i. Will Directors make this decision?
 - b. Mid-Level was agreed on, this keeps us status quo and not growing.
 - iii. Should mobile crisis group get something together to ensure that the service is still accessible? Headlines are saying that it is going away.
 - iv. 2019-2020 grant application due July 20th
