Public Notice:
Rochester – Olmsted Council of Governments
Intent to Amend
The 2019-2020 Transportation Planning Work Program (TPWP)

It is the intent for ROCOG to amend its 2019-2020 Transportation Planning Work Program (TPWP) to include a new 2019 Work Element entitled Rochester Downtown Circulator Transit-Oriented Development Planning. This action will occur at the regular ROCOG meeting at noon on April 26, 2019, at Conference Room A, Rochester-Olmsted Planning Department, Rochester, 2122 Campus Drive SE.

The ROCOG Board packet will include the Work Element work tasks and the funding sources. Funding consists of: $765,000 in FTA funds with a local match of $367,500 to total $1,132,500. The direct recipient of the federal (Federal Transit Administration) funding is the City of Rochester. The local match is coming from a variety of sources and will be detailed in the amendment memo.

This TPWP amendment action is necessary for the City of Rochester to receive the FTA planning funds as all planning work receiving federal planning funds must be included in the ROCOG TPWP.

The public may comment on this action during the April 26, 2019, ROCOG meeting. Those interested in reviewing the current 2019-2020 ROCOG TPWP (as un-amended) may find it online here.

Comments on this amendment may be submitted in writing to David Pesch, Transportation Planning Coordinator, Rochester-Olmsted Planning Department, 2122 Campus Drive SE-Suite 100, Rochester, MN 55904, or via e-mail at: pesch.dave@co.olmsted.mn.us. Phone number: (507) 328-7135. Comments received will be considered by ROCOG prior to any action on April 26, 2019.
